

# MBTI for Optimal Collaboration & Communication

## During this workshop, participants will:

- Gain insights about their own preferences for working and communicating with others
- Learn specific strategies for working with colleagues whose styles are different from their own
- Participate in a hands-on experience watching how others process information, make decisions and communicate
- Gain strategies that will help build trust-filled relationships that foster a collaborative work environment

*"Eva is a charismatic presenter. She communicates clearly and was well-prepared and knowledgeable. The content was well-researched and insightful, making it both informative and engaging, and working with her was an absolute pleasure!"*

We have all witnessed how conflicting work styles and miscommunication cause havoc. In addition, our hybrid workplace comprised of different generations poses new challenges for building trusted work relationships.

Eva Wisnik has administered the Myers-Briggs Type Indicator to over 7,000 law firm professionals, including associates, partners and business services professionals.

Each participant will receive the results of their Myers-Briggs type and insights into their unique way of working, communicating and making decisions. This highly interactive session will provide team members with tools to communicate and work most effectively with clients and colleagues and build a more collaborative work environment.
